

# EduRisk® Learning Programs for Colleges and Universities

United Educators (UE) members have unlimited access to EduRisk learning programs at no additional cost. Use these valuable resources to:

- **Reduce training costs:** Implement UE’s learning programs rather than contracting with a third party for courses on similar topics
- **Prevent incidents and claims:** Heighten awareness of high-risk and unlawful behaviors to help safeguard your campus
- **Engage learners on timely topics:** Provide immersive learning experiences using our highly rated courses based on education scenarios

\* This course addresses supervisory responsibilities.  
 \*\* Supervisor-specific versions of these courses are also available.

### Engaging Formats

EduRisk learning programs feature a variety of formats to address the diverse learning styles of adults and students. These include:

- Media-rich, interactive online courses
- Checklists and other job aids
- Learning games

### Education-Specific Scenarios

Education-specific, real-life scenarios are the basis for EduRisk learning programs. When individuals understand the risks posed by certain situations, they are more likely to avoid them or respond in a manner that prevents an incident. EduRisk scenarios are based on analysis of situations that have been reported to UE over more than 30 years of managing education claims.

As federal and state laws focus on training to address important issues in education such as Title IX and VAWA compliance, EduRisk learning programs can help. Online courses such as *Mosaic: Prevent Sexual Violence Together* and *Impressions* educate students, faculty, and staff to prevent and report sexual assault.

### What Learners Say About EduRisk Learning Programs

*“This was one of the best instructional aids for this topic I have used. The message was clearly communicated and gave the student many opportunities to practice handling situations in a safe virtual setting.”*

*“We will be reviewing our code of conduct and recommending this course as part of mandatory training for faculty and coaches.”*
